

# Is Media the Other Parent?

## The Impact of Media on Your Child's Health and What You Can Do About It

Tuesday, October 2, 2007

7:00 pm – 8:30 pm

Lucile Packard Children's  
Hospital Auditorium

725 Welch Road  
Palo Alto

### A talk by

#### **Dr. Thomas N. Robinson**

Director of the Center for Healthy Weight at Lucile Packard Children's Hospital and Stanford School of Medicine, will describe the scientific evidence for health impacts of media on children.

#### **Rebecca Randall**

Director of Outreach for Common Sense Media, will further discuss the impact this 24/7 media world has on how your kids think, feel, and act, and provide practical guidance on what you can do about it.

This program is being offered at no charge for parents and professionals in the community. Space is limited. Please call Colleen at **(650) 724-3783** to reserve your seat.

Further information is also available at [www.lpch.org](http://www.lpch.org) under News and Events.
