This program was produced, in part, by the California Department of Public Health’s *Network for a Healthy California*, with funding from the USDA Supplemental Nutrition Assistance Program (formerly the Food Stamp Program). These institutions are equal opportunity providers and employers. In California, food stamps provide assistance to low-income households, and can help buy nutritious foods for better health. For food stamp information, call 877-847-3663. For important nutrition information, visit www.cachampionsforchange.net. **Thank you to Steps to a Healthier Santa Clara County for support of this meeting!** Santa Clara County Public Health Department is the lead agency for BANPAC and the *Network for a Healthy California-Bay Area Region*.
