This program was produced, in part, by the California Department of Public Health's *Network for a Healthy California*, with funding from the USDA Supplemental Nutrition Assistance Program (formerly the Food Stamp Program). These institutions are equal opportunity providers and employers. In California, food stamps provide assistance to low-income households, and can help buy nutritious foods for better health. For food stamp information, call 877-847-3663. For important nutrition information visit www.cachampionsforchange.net

Thank you to Shape Up San Francisco for supporting our meeting!

Santa Clara County Public Health Department is the lead agency for BANPAC and the *Network for a Healthy California-Bay Area Region*.
