

## Work Plan for Healthy Community Environments

Goal 2: <b>Improve community environmental access to and support for healthy foods and physical activity.</b>				
Objective	Action Steps	Participants	Indicators of Success	Key Audience
<p>1. By November 2006, increase knowledge among BANPAC members and partners about best practices for improving access to healthy food and physical activity environments in communities.</p> <p>2. By March 2007, begin mobilization in 1-2 communities to work on improving access to healthy food and physical activity environments</p>	<p>1. Work with Public Health Law or the California Center for Physical Activity and other advocates to provide a forum on community environmental access issues to BANPAC members and partners.</p> <p>a. Provide training on CNN/Public Health Law Land Use Tool Kit as appropriate</p>	<p>Ideas for Partners: Laura-SF County database</p> <p>UC Berkeley</p> <p>San Mateo library system</p> <p>Healthy Kids Resource Center</p>	<p>Planning and implementing forum</p>	<p>BANPAC Members and key partners</p> <p>Stakeholders and community members</p>
	<p>1. Select at least 2 issues to work on with partners, members, CCPA mini grant recipients, LIA's, BARHII. Examples are: Walkability Assessments, Safe routes to schools, vending machines, land use policies</p> <p>a. Apply for Walkability Assessment Workshop for local communities</p> <p>b. Work with 1-2 communities to conduct assessments and provide workshops related to access to healthy food and physical activity environments.</p> <p>c. Use assessments to determine next steps and key barriers to healthy food and physical activity</p> <p>d. Develop educational briefs on key issues</p>	<p>San Francisco Public Health Dept.-Christina Carpenter</p> <p>Contra Costa County Public Health Dept.- Nancy Baer, Injury Prevention Specialist</p> <p>Lisa Feldstein, Public Health Law</p>	<p>Number of people attending Walkability Workshops</p> <p>Number of communities receiving workshops</p> <p>Number of communities completing assessments</p>	<p>BANPAC members and partners</p> <p>Community groups</p>

<p>3. By September 2007, as a result of the November 2006 forum, compile educational resources for communities working on community environment issues to provide access to healthy foods and physical activity opportunities.</p>	<p>e. Assist communities in mobilizing around issues</p> <ol style="list-style-type: none"> <li>1. Establish a work group to bring together representatives who are compiling models and resources within the region.</li> <li>2. Develop and implement criteria to select and organize models and resources for presentation/ dissemination.</li> <li>3. Work with partners to develop and implement a presentation of the information for the website.</li> <li>4. Work with partners to develop and implement a strategy for ongoing maintenance and marketing of clearinghouse information.</li> <li>5. Find out what education efforts partners are already developing.</li> <li>6. Based on partners' work, CDC's paper on Built Environment and Public Health , develop BANPAC educational brief on community environment issues affecting the Bay Area., summarizing research and implications leading to</li> </ol>	<ol style="list-style-type: none"> <li>1. Work group</li> <li>2. Assigned task group</li> <li>3. Task group and recruits</li> </ol>	<p>Number of website hits on clearinghouse link.</p> <p>Development and implementation of the presentation</p> <p>Number of stakeholders receiving white paper or being presented the white paper.</p>	<p>BANPAC members and community groups</p>
