

## Mini Grant Statement of Qualification – Attachment F

As required by the source of the mini-grant funding, US Department of Agriculture's Food Stamp Nutrition Education Program, each project must target persons at or below 185% of the Federal Poverty Level (FPL).

In an effort to determine program eligibility, BANPAC is requesting that each applicant first submit documentation to ensure that the proposed activities will meet the targeting criteria.

Programs may qualify using census tract data; free and reduced price school meal participation percentages (FRPM) of at least 50%; and by targeting participants of programs with similar eligibility requirements (WIC, Head Start, Food Banks, Pantries, etc.). Census tract data must show that at least 50% of the residents are at 185% of the federal poverty level. You may access census tract data at the following website: <http://www.cnnngis.org/> or submit the address to Susan Karlins for help.

Please complete the table with as much information as you have available. E-mail this form back to Susan Karlins, BANPAC Coordinator at [susan.karlins@phd.sccgov.org](mailto:susan.karlins@phd.sccgov.org) by **April 9, 2011** to obtain pre-qualification status. **For assistance in determining eligibility, e-mail Susan Karlins at [susan.karlins@phd.sccgov.org](mailto:susan.karlins@phd.sccgov.org) or call 408-793-2720.**
