Be "Sugar Savvy"!

RETHINK
your
drink

Soda is the #1 source of added sugar in the American diet¹

The average American consumes almost *100 pounds of sugar a year²*

Adults who drink >1 soda a day are *27% more likely to be overweight or obese³*

Overweight and obesity cost California 41.2 billion in 2006... *and is estimated to cost us 52.7 billion in 2011!!⁴*

WHAT Worksites CAN DO TO HELP PREVENT OBESITY:

Teach the Sugar Savvy curriculum

Implement policies aimed at reducing sweetened beverages/sweets

Introduce healthy selections to vending machines

Establish a physical activity break during the workday

Create a healthy meeting policy

Distribute Rethink Your Drink/Soda Free Summer materials

Bay Area Nutrition & Physical Activity Collaborative
