

UCP of the North Bay's mission is to enhance the quality of life of people with cerebral palsy and other disabilities, their families, and their communities. We envision a future where people with disabilities live with dignity, participate meaningfully and experience success.

United Cerebral Palsy of the North Bay believes that individuals with even the most challenging disabilities have the right to integrated employment with competitive wages and career opportunities. We promote full inclusion in community life by providing resource and referral, advocacy, and community integration services.

UCP of the North Bay provides employment opportunities for adults with disabilities in Sonoma, Napa, and Solano Counties.

Old Adobe Developmental Services (OADS) joined UCP of the North Bay, a provider of employment, education, and recreation services to people with disabilities, in 2013. With this partnership, there are even more opportunities for people with disabilities in Sonoma County.

OADS offers a variety of employment and recreation opportunities to support people with disabilities in pursuing their dreams. OADS also offers behavior support and transportation services.

"We are very excited about having the policies" We have noticed an increase in water consumption among staff. They are a good reminder of the importance of making small changes for good health. Thank you for all the great incentives.
